

AIFST Queensland Mini Symposium

Brisbane – Friday, 29 October, 2010

Food Innovation – Future Prosperity

AIFST Inc
PO Box 6436, Alexandria 2015
Phone : (02) 83993996
www.aifst.com.au

Research, Development, Engineering and Innovation are key fundamentals to a prosperous and vibrant Queensland Food Industry. Join us in hearing from Government and research providers about how the food industry in Queensland is currently supported. Find out about product and packaging innovation methods and understand why a good stage gated innovation process is critical to your company's efforts to deliver new products & services into the Australia Food Supply.

Speakers

Keynote Speaker : DR. MARTIN COLE - Chief, CSIRO Food & Nutrition Sciences
Dr. Martin Cole commenced as Chief of CSIRO Food and Nutritional Sciences (CFNS) in January 2010. He is responsible for leading the CSIRO Food and Nutritional Sciences research portfolio and developing CSIRO's research capability in food and nutrition science.

NICOLE BLEASDALE : Program Manager NCRIS, EIF & AusFoodtech - Ausbiotech
Nicole Bleasdale is the Program Manager for NCRIS Capability 5.5 Biotechnology Products at AusBiotech, . Nicole holds a degree in Technology Management (Biotechnology) and has 12 years experience in both the private and public sectors of the biotechnology industry, primarily in the production of biologically based human therapeutics.

ALLAN RYAN : Founder & Executive Director - Hargraves Institute
Allan Ryan is an educator and facilitator who enables organisations, both in Australia and internationally, to deliver real competitive advantage through innovation. He works across all sectors, private and public, small and large, to ensure that accelerated performance and increased shareholder value are the results of an organisation's innovation effort.

DR. GORDON ROBERTSON has been involved in packaging all his working life. After graduation he worked for the Foods Division of Unilever (N.Z.) Ltd before joining Massey University, New Zealand where he was Foundation Professor of Packaging Technology and taught courses on food packaging for 21 years. He then spent 11 years as Vice President for Environmental & External Affairs for Tetra Pak in their Asia Regional Headquarters. Since 2003 he has been a food packaging consultant, author and trainer, and an adjunct Professor in the School of Land, Crop and Food Sciences at the University of Queensland, Australia.

GARY CHRISTIAN- Queensland Manufacturing Institute
Gary has over 28 years operational experience holding food manufacturing Management positions up to and including National General Management within the Fast Moving Consumer Goods sector. Previous employers include Woolworths, Defiance Mills Ltd, Sara Lee Bakery and George Weston Foods Ltd. Gary's food industry experience covers baked foods, produce and specialist dairy. He has extensive experience in manufacturing along with trade qualifications in food, his Senior Management background and post graduate studies in Business.

BRUCE MACAULAY - Queensland Manufacturing Institute
Bruce is a senior manager with over twenty five years professional engineering experience and in design and manufacturing of high-technology electronic products. Previous employers include Teletronics (cardiac pacemakers) and Cochlear (bionic ears) in Sydney, and Creation Technologies (a leading electronics contract manufacturer) in Vancouver, Canada. Bruce has a wealth of practical experience in the areas of New Product Development methodologies, Operations and LEAN Manufacturing techniques.
